

**RDAQ Pre-conference workshop: Assessment and Management of
Acute Spinal Referred Pain Presentations**

Thursday, 20 June 2023

Brisbane Convention & Exhibition Centre

Overview

This workshop will cover the assessment and management of acute spinal referred pain presentations including neck pain with headache and dizziness, thoracic spinal pain with chest/abdominal pain and lumbar spinal pain with groin or thigh pain. It will be very interactive with participants learning and practising appropriate musculoskeletal examination skills and hands on management techniques with tutor feedback, discussing workshop cases.

Facilitated by: A/Prof Michael Yelland, Dr Geoff Harding, Dr Scott Masters

This workshop has been accredited by:

RACGP: 4 Educational Activities + 6 Reviewing Performance

ACRRM: 4 Educational Activities + 6 Reviewing Performance

Assessment and Management of Acute Spinal Referred Pain Presentations Program

Facilitated by: A/Prof Michael Yelland, Dr Geoff Harding, Dr Scott Masters
