11:05	CONCURRENT SESSIONS 1 - 4	
	RDAQ STREAM	CLINICAL STREAM
	Rural & regional specialists network forum	LGBTIQ+ Health 101
	Join your peers for an interactive forum for Qld doctors consulting in rural & regional communities in non-GP specialties. The session will look at network priorities for the next 12 months. Have your say & join the conversation.	There is old adage in medicine that more is missed from not looking than not knowing. But what should we be looking for and how to go about it in a respectful manner?
	<i>Chairs: Dr Hannah Bennett and Dr June Brundell Room: Auditorium B</i>	<i>Presenter: Vaughan McLachlan Room: Auditorium C</i>
	CONNECT & REFLECT STREAM	DOCTORS IN TRAINING STREAM
	Train the trainer: Supervision for rural professional practice	Bush Tours
	A case study approach will be used to discuss common elements of medical professionalism, including forming desired behaviours, detecting undesired behaviours, and consequences of unprofessional behaviour for students & doctors in training during rural placements.	Our enthusiastic tour guides will take small groups from region to region in a simulated tour of Qld. Students & prevocational doctors can gather information about job opportunities, key contacts and learn what their colleagues love about living and working in rural and remote towns.
	<i>Presenter: Facilitated by Prof Aaron Hollins Room: M2-3</i>	<i>Chair: Dr Carolyn Belonogoff Room: M5-8</i>
12:10	CONCURRENT SESSIONS 5 - 8	
	RDAQ STREAM	CLINICAL STREAM
	Procedural & maternity network	Things that bite and sting
	Focused network forum: Part 1: 'Preeclampsia - Preventing adverse maternal outcomes as primary care physicians' Part 2: The training journey for endoscopy & surgical skills	It's not just the crocodiles you have to watch out for in North Queensland, there are plenty of other things that can cause harm, and most are moving further south. Sponsored by: 
	<i>Chairs: Dr Bek Adams and Dr Clare Walker Room: Auditorium B</i>	<i>Presenter: Dr Ruth Young Room: Auditorium C</i>
	CONNECT & REFLECT STREAM	DOCTORS IN TRAINING STREAM
	Getting ahead financially during challenging times and protecting against unforeseen events	Intermediate skills in managing rural emergencies
	This session will offer proven strategies for success leading up to retirement, how to effectively position your personal balance sheet to achieve the post-employment lifestyle you have worked so hard for. Plus understand the benefits of building a personal financial decision-making model and how to structure insurance protection.	Managing musculoskeletal injuries in the bush. Bier block and shoulder dislocation. Prepping your emergency bag. Plus tips for your emergency kit for hiking, on a boat, or for a road trip. Sponsored by: 
	<i>Presenters: Andrew Albury and Richard Marsden Room: M2-3</i>	<i>Presenter: Dr Ian Condon Room: M4</i>

Your safety and wellbeing is important to us.

We want RDAQ 2023 to be a supportive, non-judgemental, friendly, fun, inclusive, empowering and professional learning environment for everyone to enjoy.

Our 'Code of Conduct' helps to uphold these community values for our delegates, sponsors, volunteers and staff, this has been distributed to ALL RDAQ 2023 attendees.

You can read the code of conduct in full on page 17 of this handbook.

If you need support or wish to raise a concern, please consider the following options:

- Seek support or more information by speaking with one of our wellbeing team members. You can find their details in the conference app, on noticeboards at registration and in the conference toilets.
- Submit an incident report or raise a formal concern: Email Marg Moss, General Manager on mmoss@rdaq.com.au (0400 428 213) OR our conference team via conference@rdaq.com.au
- If the matter is an emergency and that you or others are not safe and need police assistance, please contact emergency services. We also have emergency contacts if support is needed from our team. These are located on page 4 of this handbook.

We are committed to safety for our attendees, including feeling safe and supported to raise any concerns with us. Please do not hesitate to talk with us. Our team are here to assist you and support your RDAQ experience.

CONFERENCE PROGRAM RDAQ 2023 CONTINUED

11:05	CONCURRENT SESSIONS 9 - 12		
	RDAQ STREAM	CLINICAL STREAM	CONNECT & REFLECT STREAM
	RDAQ Drs Trained Overseas Network	Adventure vs Misadventure	Reflective Practice Masterclass - Finding meaning in medicine
	Join guest speakers from both generalist colleges will give a targeted update on the journey to fellowship.	When a patient's road trip to paradise turns into the highway to hell or their Barrier Reef experience lands them in (Cape) Tribulation, how are you going to manage the consequences? This workshop will explore the additional interventions that are required when responding to emergencies, shaped by the local environment.	This session will actively engage senior clinicians in a guided reflective session centred around the meaning in medicine and the impact of your practice on yourselves. This session is designed to "train the trainer" so that skills can be transferred to training or supervision in your own rural communities.
	<i>Chair: Dr RT Lewandowski Room: Auditorium B</i>	<i>Sponsored by:  Presenter: Dr Kate Vogler Room: Auditorium C</i>	<i>Supported by:  Presenter: Dr Ebonney van der Meer and Prof Kimberley Norris Room: M2-3</i>
12:10	CONCURRENT SESSIONS 13 - 16		
	RDAQ STREAM	CLINICAL STREAM	CONNECT & REFLECT STREAM
	Rural general practice network	Hearts of the mega fit – Is endurance sport safe?	Reflection In Action - An exercise in creativity
	Join your colleagues for a participatory forum focusing on issues and priorities for RDAQ members practicing community primary care.	A clinical update on the latest in cardiac investigations, treatments and management for the rural GP. In keeping with the fact that the Cairns Triathlon is the week following RDAQ, there will also be a discussion about the cardiac impact of endurance.	This session teaches methods of reflection that can be used to support personal and professional growth, wellbeing and connection with peers. The facilitated creative activity session is developed in line with current CPD expectations around performance review and outcome measurement.
	<i>Chairs: Dr Matt Masel and Dr Danielle Allan Room: Auditorium B</i>	<i>Presenter: Dr Greg Starmer Room: Auditorium C</i>	<i>Presenter: Dr Ebonney van der Meer and Prof Kimberley Norris Room: M2-3</i>
			<i>Presenter: Dr Katrina Starmer Room: M4-5</i>
