**Annual Conference 26 - 28 June 2025**  
RACV Royal Pines Resort Gold Coast

# From the President

I'm incredibly excited to invite you to register for RDAQ2025.

Each Rural Doctors Association of Queensland (RDAQ) Annual Conference is an occasion for us to reflect, learn, refocus, recognise each other's achievements and enjoy time socialising together.

There is something very special about our event; it's almost impossible to describe unless you've been. And those who have been, can't wait to come back again and again.

This year our legendary conference is being held on Queensland's stunning Gold Coast on the first weekend of the school holidays, making it the perfect excuse for a family getaway.

With beautiful beaches and plenty of sites and activities plus our long-running partner and family program for conference delegates, there truly will be something for everyone.

The RDAQ2025 program has been developed with a view to recognise and celebrate the role of rural General Practitioners (GPs) as the backbone of rural healthcare and acknowledge the challenges primary care is facing – hence this year's theme 'GROWING PAINS'.

Our 2025 convenor, Dr Sarah Gleeson, and the conference organising committee have done a fantastic job to assemble a line-up of informative and inspirational sessions that will cater to the wide variety of skills and interests of our vast community of doctors in attendance.

And, if last year's David Horn Memorial Gala Ball is anything to go by, we can all expect to be enjoying ourselves right down to the last memorable moment of our conference.

I really look forward to joining you and yours on the Gold Coast for RDAQ2025 - GROWING PAINS: Change • Continuity • Community

**Dr Danielle Allan**  
President  
2024-2025

# GROWING PAINS

CHANGE • CONTINUITY • COMMUNITY

Our RDAQ2025 theme speaks to the opportunities and challenges facing rural and remote healthcare in Queensland and points to how we can move forward in a positive way together.

Rural and remote medicine continues to evolve and as we stand with our communities, we must support each other.

RDAQ2025 will deliver a high-quality program that will cater for our diverse rural and remote clinicians. With a focus on providing tangible learnings for delegates that can be applied in the workplace immediately and benefit doctors, their patients and their communities.

We look forward to seeing you in June 2025.

**Dr Sarah Gleeson**  
Conference Convenor

## Subsidise-a-student and be a #DestinationRural Ambassador!

We invite you to support the future of rural medicine through our unique subsidise-a-student program.

It's an opportunity for established doctors to directly subsidise a medical student's registration to attend RDAQ2025.

Each doctor who supports the program will be recognised as a #DestinationRural Ambassador and receive an invite to attend the always much anticipated student networking afternoon tea.

RDAQ is proud to embrace our event's reputation as a place where students feel seen, heard and welcome. We're committed to growing the rural medical workforce and we know doctors who train rural are more likely to stay rural.

RDAQ manages this program in collaboration with the four student rural health clubs in Queensland.

Share your experience and passion for rural medicine with our students. One conversation at RDAQ2025 could help shape their future in rural medicine.

Would you like to subsidise-a-student?

Please complete the section when registering. Your support of medical students of Queensland is appreciated.
